While confined in the jail of Bear Lake county for the bank hold-up in Montpelier he scaled the walls surrounding the jail in broad daylight in the presence of 50 people in and about the courthouse at Paris. Woman Was of a Restless, Roving Disposition and Wandered About

A complete story of the married life of Cornelius Hodge and Aurora Shmutser, the name by which Mrs. Hodge was known in California, appears in a recent issue of the Enterprise, a daily paper published at Riverside, Cal., only a short distance from Highgrove, where Mr. Hodge is now employed. The story, which follows in full, gives strong evidence as to the true character of the woman who is now charged with the murder of Wil-

Hodge was interviewed by an Enter-

prise reporter last night at the home of his employer, George Oberschmidt. He is a quiet fellow who does not seem to look upon his marriage to a murderess as a matter of more than commonplace importance. Indeed, his marriage seems to have ben merely a casual affair any way; and no wounds have been left upon his heart by the tragic end of his love story. Hodge talks freely of his relations with the woman under indictment at Salt Lake City.

He went to the Relief Hot Springs at San Jacinto last November to work as a hostler and stage driver, the place having been secured for him through the employment agency of Hummer Bros. & Co. of Los Angeles. There Hodge found Autrora Sninuser, kn. wh. as. "Laure." as "Laura," in attractive, blond haired girl who was in the employ the hotel as a waitress. So far as a admissions can be obtained from Hodge, he does not seem to have conceived any hopeless passion for the girl, nor does he confess to any love-atfirst-sight romance. Still, he was acquainted with "Laura," and "went out

with her nights some," as did about all the other men who visited the springs. PROPOSED MARRIAGE. Along the first part of January of this year Miss Shmutser made up her mind that it would be nice to get married and confided to Hodge her views on this subject. The matter did not interest him particularly; still, he was willing to accommodate the lady, and if she really wanted to mary him he intimated that he would stand for it. It isn't geatiemanly to decline favors of this sort. And so one morning Miss Shmutsei And so one morning also shinted informed Manager Scott of the Relief Springs hotel that she was "through." She left on the train for Riverside and informed Hodge that he was to come lown the next day and they would be

'I did not expect to find her," said Hodge, "still, I thought I would not be a quitter, and so went to Riverside ac-cording to agreement. She met me at the train and we went at once county clerk's office and got the IIcense.

LEFT HIM FOR OTHERS.

The couple were married by Rev. Ed-ward F. Goff. After the ceremony the happy bride informed the groom that she must be going. She could use some money, she said, and if he would accommodate her with what he had about him she would go to Los Angeles and he could gallop back to San Lastrick Hodge worth back to the Re-Jacinto. Hodge went back to the Re-lief Springs and his wife went to Los Angeles, accompanied, as he avows and believes, by a man named Lang from Pittsburg, Pa., who was a guest at the

springs, and James Cohen of Needles, SHE NEEDED MONEY. Hodge heard no more from his blush Ing bride until he received a letter from her at Clifton, Ariz. She had been sent out to the "Clifton House" of that place by Hummel Bros.' employment agency of Los Angeles. It was then that she bethought herself of her backerd and wrote him affectionately to please come to Clifton and pay up so that she could get out of the place. Still unwilling to disappoint the lady,

Hodge went to Clifton and settled, WORKED HIM AGAIN. Mrs. Hodge then manifested a keen desire to go to El Pase and "see the place." Hodge procured transportation and they west. After a few days in El Paso the elusive Aurora sacked her husband of what money he had and again intimated that she must be going, this time to Santa Rosa, N. M. where she said she had a job. Some time later she musted up at the home of her brother in Tenison, Ia. Hodge was left stranded and started out to "hobo" his way back to California. He rode brakebeams and tramped and

finally arrived in Highgrove about

Hodge declares that he came to Cali-Hodge declares that he came to cau-fornia from Igwa. in January, 1902. He went to work for bilward Morris in Highgrove and remained with him for several months. He then worked at the Loma Linda botel for alshort time and then went to San Jacuto. He is a short, chunky man with brown bair and mustache, and is about 30 years old. He is a good worker and is well liked in Highgrove, every one interliked in Highgrove, every one interviewed having a good word to say for him, as has also his old employer, William Scott of Relief Springs. WIFE WAS UNTRUE.

Hodge has man enough about him to he guarded about saying too much against the woman who was his wife, even though she were such with resrvations. Enough was learned from him, however, to make it clear that she was a woman of rather easy vir-tue. According to his story, she made free with all the men who made advances, although he makes no further charges than that she "walked And nights with them." He speaks particularly of the familiar relations of Miss Shmutser with a man called "Tony," who owns and runs a glass-bottomed beat at Catalina, and also with a sailor whose pame he did not know, although he avows that he was a "pretty tough character" and was an inhabitant of the "Happy Valley" at San Pedro.

Dr. Miles' Heart Cure Cured Wife.

Fainting spells are a sure indication of a weak heart. The heart cannot do the work required of it and stops beating. If it ceases for more than a minute death ensues. Weak hearts must have aid from the outside, such as Dr. Miles' Heart Cure alone can give. It is a heart tonic. It regulates the pulse, en-riches the blood and improves the circulation.

"For two years my wife was in very poor health. At first her back troubled her a great deal, then she had shortness of breath and irregularity of the periods. The pain in her back grew worse and extended to the connection of the spinal cord at the base of the brain and from there to her heart. She the brain and from there to her heart. She had two very bad sinking spells, when the pain in her heart was most intense and her breath stopped. The second time we had to resort to artificial respiration to revive her. We were advised to give Dr. Miles' Heart Cure a trial and I hought a bottle and began giving it as directed. We found the doses were too strong, so I gave her half-doses three times a day, and she began to improve. After she had taken two bottles the pains After she had taken two bottles the pains were all gone and she was feeling like a new woman. She continued the Heart Cure in onan. She continued the Freat Cure in mail doses for several months and is now obyging better health than for the past six cars."—M. J. THOMPSON, Dept. County lerk, Klamath P. O., Cal.
